

NUSANTARA QUEST

A Multiplayer Educational Game for
Introducing The Rich Cultural Heritage
of the Indonesian Archipelago

PROBLEMS

Indonesia has over 1,300 ethnic groups and 700 languages

Indonesian culture is hampered by several factors:

- Digital content that obscures local traditions.
- Traditional or passive learning methods, making them less appealing to the digital generation.

Students show declining interest in Indonesian culture.

SOLUTION

NUSANTARA QUEST

Nusantara Quest is a multiplayer educational game that combines edutainment and gamification. Students explore islands, complete cultural quests, and collaborate in problem-solving
